

Faunakram 900g premium wet meal with chicken (10189-15)

10189-15

Faunakram's dog sausage is a complete wet food, that contains all the vitamins and minerals your dog needs. The sausage contains 80% meat and animal derivatives (5% chicken).

You do not really need to feed your dog anything other than this sausage. However, we always recommend also feeding dry food and giving chew bones, to support your dog's dental hygiene.

The sausage can also be used as a topping on dry food to make the meal even more appealing to your dog.

The product has been developed in collaboration with nutrition experts, veterinarians, and breeders to ensure the highest quality and customer satisfaction.

The standard languages on the packaging are English (UK), Danish (DK), Swedish (SE), Norwegian (NO), Finnish (FI), German (DE), and Polish (PL).

Faunakram Pet Food regularly visits the factory for quality control, ensuring that the factory meets our quality and traceability requirements.

Faunakram 900g premium wet meal with chicken (10189-15)

10189-15

Feeding guide:				
Weight	3 kg	5 kg	20 kg	30 kg
Grams per day	300	550	900	1200

Make sure your dog always has access to fresh drinking water. Individual dogs' needs may vary from this guideline. The amount of food a dog requires depends on factors such as breed, age, and activity level. The shelf life is 12 months from the production date, and as long as the packaging is unopened, it does not need to be refrigerated. After opening, the product should be stored in the refrigerator for up to 48 hours.
