Faunakram Pre- & Probiotics 10kg Stomach control Chicken and White fish (10114-25)

10114-25

Our complete dry food **STOMACH CONTROL** is specially developed for dogs with sensitive digestion. With 26% chicken protein, combined with mild fish proteins from whitefish, it supports muscle building and provides energy for an active life.

This gentle recipe combines easily digestible ingredients like chicken, white fish, and brown rice. Enriched with prebiotics and probiotics, it promotes stable gut function. Flaxseed, yeast hydrolysate, and lignocellulose support a lean balance in digestion, making it ideal for dogs with sensitive stomachs.

Omega-3 fatty acids support healthy skin and coat, while antioxidants from herbs and beta-glucan contribute to immune system function.

This 10 kg bag provides a balanced diet that supports your dog's well-being and stomach comfort.

The food is developed in close collaboration with nutrition experts, veterinarians, and breeders to ensure high-quality feed. It naturally meets the guidelines of FEDIAF (European Pet Food Industry Federation) for a balanced and nutritious diet, including vitamins, proteins, fats, and oils to fulfill your dog’s nutritional needs.

All our dry food is produced in Europe, and our factories are BSI, IFS, and BSCI certified.

The standard languages on the packaging are UK, DK/NO, SE, FI, DE, NL, PL, FR, PT, ES.

The bag is made from fully recyclable materials. Please recycle responsibly to help reduce waste and protect our planet.

COMPOSITION:

Dried chicken (26%), brown rice, white rice, animal fat, dried white fish, dried beet pulp, hydrolyzed white fish protein, lignocellulose, linseed, minerals, salmon oil, dried chicory (a natural source of FOS and inulin), yeast extract (a natural source of MOS and bèta glucans), psyllium, dried herbs (Yucca Schidigera, Rosemarinus sp., Curcuma sp., Citrus sp., Eugenia sp.)
