

10108-10

Faunakram Pre- & Probiotics 12kg Large breed GF Chicken (10108-10)

Our Complete Premium Meal for Large Breeds is specially developed to ensure healthy growth and strength in large dogs.

With a full 38% chicken protein, it promotes muscle development and helps keep your dog strong and active.

The grain-free recipe supports digestion thanks to naturally added prebiotics and probiotics. Omega-3 and Omega-6 fatty acids contribute to a shiny coat and support skin function, while glucosamine and chondroitin support healthy joints and mobility.

Enriched with superfoods and natural antioxidants, this diet strengthens the immune system, allowing your dog to thrive.

The 12 kg bag is ideal for large breeds that need a nutrient-rich and balanced meal every day.

The standard languages on the packaging are UK, DK/NO, SE, FI, DE, NL, PL, FR, PT, ES.

The bag is made from fully recyclable materials. Please recycle responsibly to help reduce waste and protect our planet.
