

Faunakram Pre- & Probiotics 10 kg. Lamb GF 33-16 (10104-10)

10104-10

Faunakram Pre- & Probiotics 10 kg. Lamb GF 33-16 (10104-10)

Our Complete Premium Meal for Adult Dogs is designed to ensure a happy and active lifestyle for your dog. With 16% lamb and an equal amount of chicken protein, it promotes muscle building and helps maintain your dog's energy levels.

This grain-free recipe is made for all dogs and is enriched with natural prebiotics and probiotics to support lean digestion. Sweet potatoes, vegetables, and beets provide extra fiber to keep your dog satisfied and happy. Omega-3 and Omega-6 fatty acids contribute to a shiny coat and support joint mobility, while herbs and natural antioxidants strengthen the immune system.

Dental care is supported through the addition of STPP (sodium hexametaphosphate), which helps keep teeth clean. This 10 kg bag with lamb provides balanced nutrition with everything your adult dog needs to thrive, whether it's a small, medium, or large breed.

The food is developed in close collaboration with nutrition experts, veterinarians, and breeders to ensure a high-quality feed. It also naturally meets the guidelines set by FEDIAF (European Pet Food Industry Federation) for a balanced and nutritious diet, including vitamins, proteins, fats, and oils to meet your dog's nutritional requirements.

All our dry food is produced in Europe, and our factories are IFS-certified.

The standard languages on the packaging are UK, DK/NO, SE, FI, DE, NL, PL, FR, PT, ES.

The bag is made from fully recyclable materials. Please recycle responsibly to help reduce waste and protect our planet.

COMPOSITION:

Dried lamb (16%), dried chicken (16%), green peas, green split peas, poultry fat, hydrolysed poultry protein, pea starch, dried potato, dried sweet potato, dried beet pulp, minerals, dried chicory (a natural source of FOS and inulin), salmon oil, lignocellulose, sodium tripolyphosphate (0,1%), dried herbs (Rosmarinus sp., Curcuma sp., Citrus sp., Eugenia sp.).
