Faunakram Pre- & Probiotics 10kg. Sensitive dog w fish 23-11 (10114-20)

10114-20

Our complete food **SENSITIVE DOG** is specially formulated to meet the needs of dogs with sensitive digestion and allergy tendencies. With at least 22% white fish as the sole protein source, it offers a hypoallergenic recipe with monoprotein and a grain-free formula.

Enriched with Omega-3 fatty acids from salmon oil and Omega-6 fatty acids from vegetable oils, it helps promote a shiny coat and supports skin function. Natural prebiotics and probiotics support stable digestion, while herbs and natural antioxidants strengthen the immune system.

This 10 kg bag is ideal for dogs requiring a gentle diet, providing a balanced nutrition that supports well-being and comfort in daily life.

The food is developed in close collaboration with nutrition experts, veterinarians, and breeders to ensure high-quality feed. It naturally meets the guidelines of FEDIAF (European Pet Food Industry Federation) for a balanced and nutritious diet, including vitamins, proteins, fats, and oils to fulfill your dog's nutritional needs.

All our dry food is produced in Europe, and our factories are BSI, IFS, and BSCI certified.

Standard languages on the packaging are UK, DK/NO, SE, FI, DE, NL, PL, FR, PT, ES.

The bag is made from fully recyclable materials. Please recycle responsibly to help reduce waste and protect our planet.

Composition:
Dried whitefish (22%), dried sweet potato, dried potato, green peas, green split peas, sunflower oil, dried beet pulp, hydrolysed whitefish protein, lignocellulose, linseed, dried chicory (a natural source of FOS and inulin), yeast extract (a natural source of MOS and bèta glucans), salmon oil, minerals, dried herbs (Yucca Schidigera, Rosemarinus sp., Curcuma sp., Citrus sp., Eugenia sp.)
